In the United States, there is no federal criminal law governing abortion at any phase of pregnancy. As it stands today, American women have the legal right to obtain an abortion in all 50 states, through all nine months of pregnancy, for virtually any reason (or no reason) at all. America has one of the most liberal abortion laws in the world...for example, far more liberal than western Europe. In Germany, women seeking first-trimester abortions are subject to a mandatory three-day waiting period and a counseling session. Abortions after the first 12 weeks of pregnancy are forbidden except in cases of grave threat to the mother's physical or mental health. The Netherlands mandates a five-day waiting period between initial consultation and abortion; clinics must provide women with information about abortion alternatives. If you are less than 40 years old and are reading this bulletin insert, you are lucky to be alive! You had a 33% chance of being aborted **BEFORE** you left your mother's womb. So, give your Mom and Dad a big hug and kiss, and thank them for **CHOOSING LIFE**, especially **YOUR LIFE!**

*En los Estados Unidos, no existe una ley penal federal que rija el aborto en ninguna etapa del embarazo. Tal como está hoy en día, las mujeres estadounidenses tienen el derecho legal de obtener un aborto en los 50 estados, a través de los nueve meses de embarazo, por prácticamente cualquier razón (o ninguna razón) en absoluto. Los Estados Unidos tiene una de las leyes de aborto más liberales del mundo... por ejemplo, mucho más liberal que Europa occidental. En Alemania, las mujeres que buscan abortos del primer trimestre están sujetos a un período de espera obligatorio de tres días y una sesión de asesoramiento. Abortos después de las primeras 12 semanas del embarazo están prohibidas excepto en los casos de grave amenaza a la salud física o mental de la madre. En las Netherlands encomiendan un período de espera de cinco días entre consulta inicial y el aborto; las clínicas deben proveerles a las mujeres de la información sobre las alternativas del aborto. Si tienes menos de 40 años y estás leyendo este boletín, ¡tienes suerte de estar vivo! Tuviste un 33% de probabilidades de ser abortado **ANTES** de que abandonarás el útero de tu madre. ¡Entonces, dale a tu mamá y a papá un gran abrazo y beso, y agrádeceles por **ELEGIR LA VIDA**, especialmente **TU VIDA!***

In Flanders Fields the poppies blow, between the crosses, row on row, that mark our place; and in the sky the larks, still bravely singing, fly scarce heard amid the guns below. We are the Dead. Short days ago we lived, felt dawn, saw sunset glow, loved and were loved, and

now we lie, in Flanders Fields. Take up our quarrel with the foe: to you from failing hands we throw the torch; be yours to hold it high. If ye break faith with us who die we shall not sleep, though poppies grow in Flanders Fields.

(Lieutenant Colonel John McCrae)
